1. Keeping count

The quiet light returns.

The QUIET light returns.

3. Count the third window.

4. Count the fourth window.

The keeper leaves a note[1] before the page turns.

1. The first note begins here and continues across the printed page boundary

without becoming a new note or losing its original callout.

- 5. Count the fifth window.
- 6. Close the register.

Figure S1. The windows point home.

The complete figure includes the squares, arrow, circle and HOME label.

2. Starting again

The second keeper also leaves a note[1].

1. The second chapter restarts at note one; its meaning is a different local explanation.
